BAINBRIDGE NEWS

Nelson's Moulding and Frame has made a decision to streamline to one matboard company. We have decided to carry Crescent Matboard and no longer be a distributor of Bainbridge Matboard. We are sorry if Bainbridge was important to you, but we have been led to this decision by growing sales in Crescent matboard and declining sales of Bainbridge matboard.

We felt this was a solid decision since 95% of Nelson's matboard sales are Crescent and decided to pursue what our customers are asking of us. Crescent has always been committed to providing the highest quality art and presentation products carrying over 1,200 items.

We still have a lot of Bainbridge in stock, call to order while supplies last.
