

S2622 SHRINK FILM

CENTER FOLD 36" X 500'

A versatile center folded shrink-wrap system that meets the toughest standards of quality, safety, and reliability.

QUICK, EASY

The Quick-Shield system features “instant on,” so it’s ready to wrap when you are. There’s no waiting for warm up.

1. Insert product or products into fold of film.
2. Depress sealing bar to trim and seal film.
3. Shrink film around product with heat gun.

In less than 10 seconds, you have sealed in that attractive, brand-new look and sealed out damage from fingerprints, dust, moisture, tampering, and rough handling.

INCREASED PROFITS

Wrap or re-wrap any product, even odd shaped items. Wrap a number of the same item together for special promotions. Or combine related items into one neat package to generate added sales.
